- ENGINEERED TO YOUR SPECIFICATION

Designed specifically for arduous environments.

# RS250FE CABINET

## FIREMAN'S EQUIPMENT CABINET ↓

The RS250FE is fitted with an Extreme Environment Roller shutter, protecting the internal equipment from all possible critical situations. It allows for the storage of most Fireman's equipment and is supplied with a shelf and two BA clips. These GRP cabinets have high resistance and durability to both weather and salt water as well as a good performance against UV rays, making these a low maintenance storage solution.

Our range of cabinets can also be customised to your exact specifications allowing you to have a bespoke solution for your application.
