

# MK51 AIRCREW

AVIATION LIFEJACKET ↓

Developed in line with the new CAA CAP 1034 Category 'A' performance guidelines, the MK51 Lifejacket comprises of a form fitting waistcoat that enables users to customise pocketary, a slim life preserver unit, and a fully integrated Emergency Breathing System (EBS).

Constructed from a durable flame retardant material, the unique modular design allows users to configure equipment pockets for their own individual operating requirements, whilst the slim and ergonomic design allows for maximum comfort and manoeuvrability. The jacket features a single inflatable buoyancy chamber offering 220N of buoyancy and the modular design features improved maintenance and servicing costs as individual components can be easily removed and serviced.

## FEATURES

- SLIM LINE MODULAR DESIGN FOR OPTIMUM FIT, MOBILITY AND COMFORT
- FULLY INTEGRATED EMERGENCY BREATHING SYSTEM WITH RAPID USER ACCESS
- INTEGRAL SURVIVAL SYSTEMS INCORPORATING SINGLE CHAMBER HIGH PERFORMANCE LIFE PRESERVER AND PERSONAL LOCATOR BEACONS (PLBS)

“  
**Fully approved to CAA**  
**CAP 1034 Category**  
**'A' guidelines**”
