

HORIZON

DRYSUIT

The Horizon drysuit is tailored using 3-layer breathable material technology, with enhanced waterproof properties. This, combined with the twin neck seal system, latex wrists and low-profile fabric socks, keeps the wearer warm and dry – no matter what the activity.

With an adjustable waist band, a unique stretch mesh back panel and adjustable braces, the Horizon creates a custom-fit feel for a wide range of sizes. Plus, the pre-articulated arms and legs provides unrestricted movement to enhance the suit's athletic performance.

The cross shoulder YKK Aquaseal, flexible dry zip is positioned for minimum restriction and allows the wearer to don the suit easily. Additionally, Cordura reinforced double layered seat and knees provide extra protection to the areas of high wear to increase longevity and durability.
