PROTECT LIVES

AIRPEX DEFENDER AIRCREW LIFE PRESERVER

TECHNICAL DATA

AIRPEX DEFENDER AIRCREW LIFE PRESERVER

Pockets	A range of equipment pockets ensure that all survival aids and mission critical equipment can be attached/detached quickly using the MACS/MOLLE webbing system
Sizes	Four standard sizes with additional side buckle adjustment ensures perfect fit and long mission comfort for male and female pilots and crew
Lightweight Fabrics	Stay cool in hot conditions, lightweight fabrics and human centric design reduce the risk of discomfort and heat stress which can compromise performance
Fire retardant materials	To ensure maximum protection in the event of an aircraft fire
Colours	Available in Sage Green and Desert Tan colours allowing operation in different terrains using appropriate colours
Buoyancy Options	Single Chamber – 200N Double Chamber – 350N Single or twin buoyancy options ensure compliance with different safety case and mission requirements. The buoyancy stole can be easily and quickly removed to convert into a survival vest for land mode operations
