## PHANTOM RAFT

### INFLATABLE LIFE RAFT

Provides reduced visibility in covert operations

**Based on the reliable RFD Aerolite 4F**, the Survitec Phantom Raft provides a proven way to protect survivors. The Phantom raft features self-erecting high stability twin buoyancy tubes, an external platform for easy boarding and an external canopy providing maximum defence against the most extreme elements.

### BENEFITS:

- ✓ Manufactured in completely dark fabric for reduced visibility in covert operations
- ✓ Multi-platform - can be carried on any fixed wing or rotary-wing aircraft
- ✓ Automatic canopy - providing optimum environmental protection with minimal user intervention
- ✓ Proven reliability - tried and tested in emergencies, including search and rescue
- ✓ Easy activation - highly reliable single-point activation system

“ **Dynamically designed for increased survivability** ”

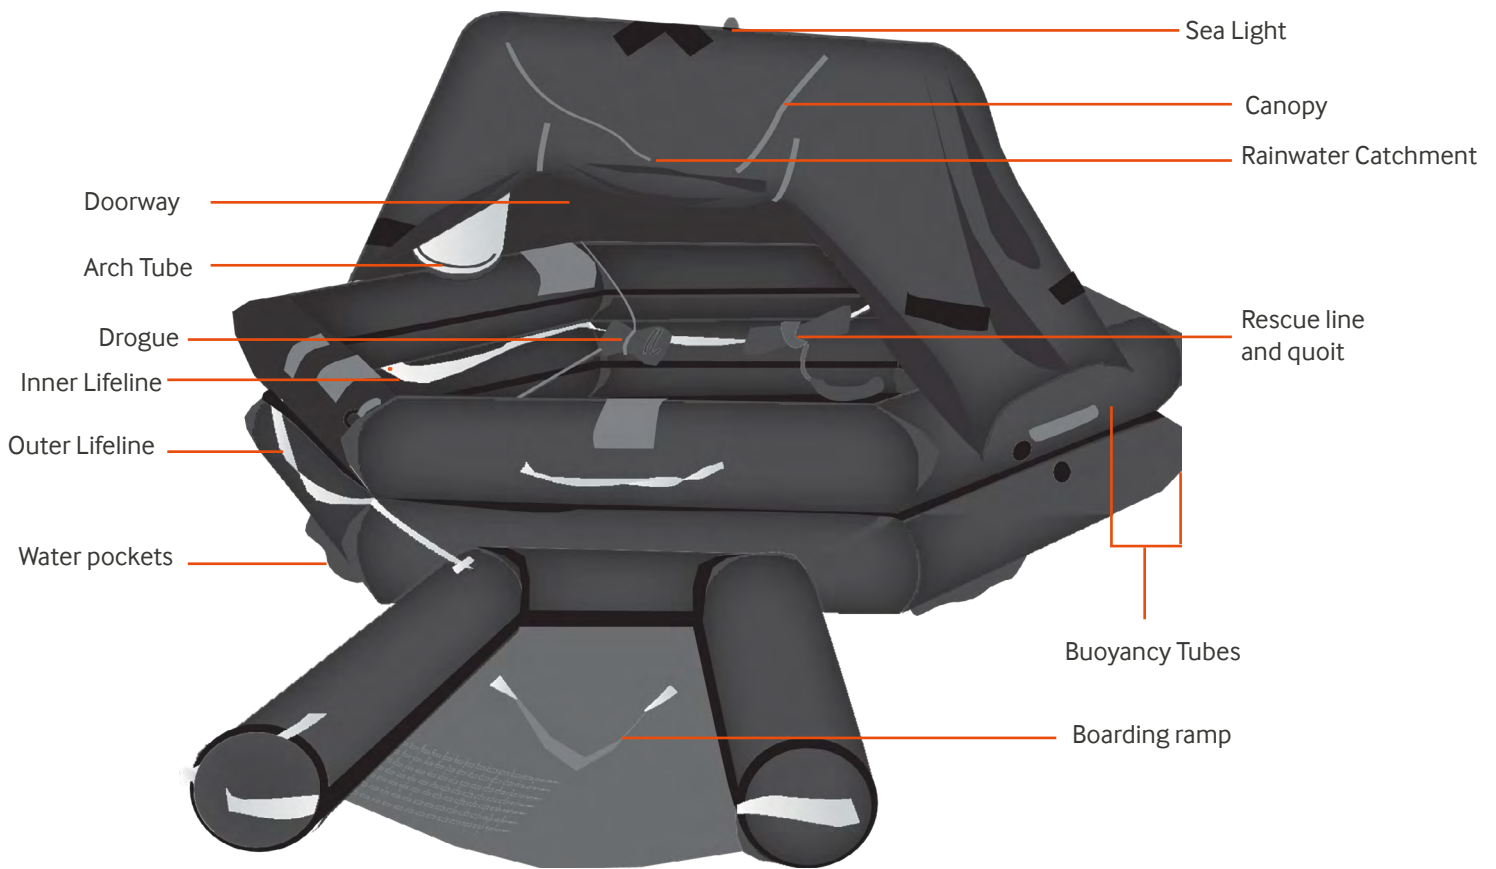

TRUSTED TO  
PROTECT LIVES
