

HAZARDOUS DUTY CONSTANT WEAR LIFEJACKET

Protecting those serving at sea

In service and approved by UK MOD, this lightweight, durable, low-profile lifejacket allows operatives to conduct duties on deck, bridge or ship-to-ship safely and efficiently. Quick to don, simple to service and automatic to inflate, this lifejacket serves to preserve life in the most hazardous of environments.

BENEFITS:

- ✓ Quick Response Inflation – automatic on water impact
- ✓ Manual Top-Up – oral inflation tube for topping up and deflation
- ✓ Maximum Durability - manufactured from butyl-proofed nylon, protection against impact on entry of the water
- ✓ Spray hood – easily deployed with large transparent visor
- ✓ Safety Tested & Approved – passed drop test challenge as per UK MOD request
- ✓ Aids Rescue – waistbelt fitted with recovery loop
