

DAVIT LAUNCHED LIFERAFT

Easy to launch and embark

Protect your passengers and crew in an evacuation situation. The davit launch system lowers the liferaft allowing your passengers to easily board from the deck. Easy to maintain and service, these compact liferafts are the first choice for many operators.

BENEFITS:

- ✓ Suitable for four up to 37 persons, with options to suit your vessel needs
- ✓ Easy to operate with minimal crew supervision
- ✓ Fully enclosed double-skinned, high visibility canopy complete with retro-reflective tape for improved visibility
- ✓ Easy access non-inflatable boarding ramp
- ✓ Manufactured using corrosion and abrasion-resistant polyurethane-coated fabric for longevity
- ✓ High volume water pockets to ensure maximum stability when inflating
- ✓ Available in different container options to suit your needs
- ✓ Extremely strong and safe when loaded

“ **A lightweight and durable liferaft** ”
